

C Fragment

```
classDiagram
    class Fragment
    class DeleteObject
    DeleteObject --|> Fragment
```

The diagram shows two class boxes. The top box is labeled 'Fragment' and has a green circle with a 'C' next to it. The bottom box is labeled 'DeleteObject' and also has a green circle with a 'C' next to it. A red arrow points from the 'DeleteObject' box up to the 'Fragment' box, indicating inheritance.

C DeleteObject

■ deleteObject (String object) : void
